

Carbon Reduction Policy

Nottingham Trent University is committed to reducing the carbon emissions of our estate, whilst pursuing leading research and teaching that helps to tackle climate change.

Governance

Target

NTU will maintain a Carbon Target. This target will be reviewed annually and published in the Carbon Management Plan.

Strategy & Planning

The Carbon Management Plan outlines the strategy for reduction, split into strategic themes: Culture and Communication, Construction and Refurbishment (supported by the Sustainable Construction Policy) and Efficient Estate (supported by the Energy Policy).

A Carbon Action Plan based on these themes will be maintained by the Estates Department and annually reviewed by the Sustainable Development Operations Forum.

Reporting

The Estates department will report progress against the Carbon Action Plan and Target to the Sustainable Development Operations Forum on a 6-monthly basis.

Review

This policy will be reviewed on an annual basis by the Joint Executive Sustainable Development Forum.
