

School of Social Sciences

Nottingham Institute of Education Course start dates 2018

Welcome Week: Friday 21 September 2018

Term One starts: Monday 1 October 2018

Many courses which start on 21 September 2018 will have induction activities during our freshers' week – Welcome Week.

Welcome Week is not just for new undergraduate students. We have events for postgraduates, international students, parents, carers and mature students. And you can join in even if your course starts before Friday 21 September.

Further information about your start date, induction materials and Welcome Week will be available at www.ntu.ac.uk/startingatntu in late summer. Look out for emails once you have accepted your offer.
