

Open Access deals for NTU authors

NTU authors can benefit from a range of agreements with publishers that provide discounts on article processing charges (APCs). Current deals are listed below but please be aware that negotiations between publishers and universities are reviewed frequently and the terms and conditions may change without notice.

The library will only authorise APC payments if we have received a completed **OA Fund Form** with sign off from your Associate Dean for Research.

Contact your [Research Support Librarian](#) for support with completing the form and further information about open access publishing.
